

ERASMUS + PROJECT
[2014-2016]: Cooperation for
innovation and the exchange of
good practices

Empowering disabled persons through
collaborative learning

People with disabilities are hindered to participate in society and education on an equal basic with others.

The **IDIPOWER Project** proposes a participatory methodology focused on the goals and interest of each person and in the learning set of families, professionals and persons with disabilities, for personal advancement and community life.
